

NURSING (PRE-LICENSURE) INFORMATION

Established in 1935, the Saint Xavier University School of Nursing offered the first accredited baccalaureate nursing program in Illinois. Professional nursing requires knowledge, competence and compassion. The diversified skills needed for nursing demand a strong scientific foundation and liberal education. The School of Nursing at Saint Xavier University has a reputation for excellence and tradition of service to students and the community. For students seeking to become registered professional nurses, the undergraduate nursing program provides:

- A strong curriculum
- Fully accredited programs
- Modern computer and simulation laboratory facilities
- Clinical experience in culturally diverse communities and health care agencies in the greater Chicago area

Degrees Offered

Bachelor of Science in Nursing (BSN)

- Pre-Licensure
- LPN-BSN
- Accelerated BSN

Master of Science (MSN)

- Family Nurse Practitioner
- Clinical Leadership
- Executive Leadership
- MSN/MBA

Accreditation

The baccalaureate and master's degree programs in nursing at Saint Xavier University are accredited by the Commission on Collegiate Nursing Education (CCNE), One Dupont Circle, NW, Suite 530, Washington, D.C. 20036, (202) 887-6791.

Faculty Profile

The faculty of the School of Nursing are experienced, professional nurses who hold academic degrees from a wide variety of colleges and universities and are actively involved in research and practice. Additionally, nursing faculty participate in professional organizations at the local, state and national levels. In the classroom, dedicated faculty members bring their diverse educational, professional and clinical practice experiences to students.

PSYCH 204	Introduction to the Study of Psychopathology	3
SOC/ANTH	From Approved List	3
		38

Note Students must have a cumulative GPA of 2.75 before they will be allowed to begin nursing courses.

PLUS

Partnership in Learning for Utmost Success (PLUS) is a series of one semester hour elective academic courses in nursing that are offered concurrently with specific nursing courses. PLUS is designed to increase students' opportunities for success in the baccalaureate nursing program by strengthening students' academic skills and facilitating course-specific learning.

Additional Requirements

Students are responsible for completing and clearing a criminal background check as a condition of admission to the nursing program and must do so annually thereafter. All students shall have an ongoing duty to report any violations of this policy and/or state and/or federal law.

Nursing students must provide evidence of compliance with the following University and clinical agency health requirements:

- Physical Examination
- Titers
- Tetanus
- Annual TB Screen
- Influenza Immunization
- Current BLS certification for Healthcare Providers
- Comprehensive Health Insurance

Additionally, students are required to test negative for drugs in a screening prior to beginning their clinical experience and as required by clinical agencies. The University and School of Nursing reserve the right to require random drug screenings based upon reasonable suspicion. Making arrangements for transportation to clinical sites is the responsibility of the student. Students are also responsible for any parking fees or other costs involved in traveling to clinical sites which may vary from site to site.

Transfer Students
