

Syllabus Statement

If you believe that you need accommodations for a disability(ies) or recently diagnosed medical condition(s), please reach out to the Center for Accessibility Resources (CAR) in A-219, call (773) 298-3956, or email accessibilityservices@sxu.edu to discuss your needs and the process for requesting accommodations. The Center for Accessibility Resources (CAR) is responsible for coordinating disability-related accommodations. Once a formal meeting has been held, and reasonable accommodations have been agreed upon, the Center for Accessibility Resources will then begin the process of writing these documents for the student's needs moving forward, whether for courses, for "temporary accommodations," or for Title IX. Lastly, the CAR will provide students with documented disabilities with a "Confidential Accommodation Plan" letter, as appropriate for each course and faculty member. Since accommodations may require early planning and are not provided retroactively, please contact the CAR as soon as possible to begin this process well in advance of your specific academic and professional needs in reference to these upcoming accommodations.
